**Telephone Recorder:** Shana Murray, Project Coordinator with the Office of Energy Projects.

**Subject:** Consultation with the Southern Ute Indian Tribe for the proposed Peabody Trout Creek Reservoir Hydroelectric Project

**On Wednesday, October 3, 2012, I spoke to Sunshine Flores, Council Affairs Office Manager with the Southern Ute Indian Tribe, Ignacio, Colorado, regarding a letter we sent them about consulting with us for the proposed Peabody Trout Creek Reservoir Hydroelectric Project. Sunshine stated that they were unsure about the need to consult and the Tribe would get back to me. I called again on Tuesday, October 16, 2012, and spoke with Dee Olguin, head of the department of energy within the Tribe, and was told the Tribe will keep track of the proposed project and will call us if interested in future consultation.**
