Subject: Consultation with the Ute Indian Tribe of the Uintah and Ouray Reservation for the proposed Peabody Trout Creek Reservoir Hydroelectric Project

On Wednesday, October 3, 2012, I called the Ute Indian Tribe of the Uintah and Ouray Reservation, Ft. Duchesne, Utah, regarding a letter FERC sent them about consulting with us for the proposed Peabody Trout Creek Reservoir Hydroelectric Project. The secretary who answered the phone explained that the Chairwoman was out and told me to call back the next week. I called again on Tuesday, October 16, 2012, and left a direct voicemail message for the Chairwoman. I called again on Friday, October 19, 2012, and left another direct voicemail message for the Chairwoman. To this date, there has been no response from the Tribe.
